

Children Are Invited to Flex Their Imaginations During Summer Workshops

The Woodlands Children's Museum offers wide array of activities beginning June 4

THE WOODLANDS, Texas – April 30, 2018 – Children can immerse themselves in an imaginary world of dragons and castles, engineer their own robots and delve into many other adventures at **The Woodlands Children's Museum's** summer workshops.

Children can explore, play and create during summer workshops at The Woodlands Children's Museum the week of July 4 through the week of Aug. 6. Attached photo courtesy of The Woodlands Children's Museum.

The museum has scheduled a wide selection of age-appropriate activities for children ages 4 through 10. One-week workshops begin June 4 and continue through Aug. 9.

“We design our hands-on summer workshops to promote growth and exploration, but always in the spirit of fun,” said **Angela Colton**, executive director of the museum. “We will create opportunities to be silly, to get lost in imagination and to make one-of-a-kind creations.”

This year's summer offerings include Discovery Workshops for 4-year-olds. Each class is designed to foster creativity and promote self-expression.

Discovery Workshops range from A Circus Life for ME, where children can experience clown face painting with a professional clown, to Crazy About Critters, where special presenters will introduce the children to a variety of furry, feathered and scaly animal friends.

The museum's Creative Workshops are designed for children ages 5-8, and includes Dragons, Knights and Wizards, Oh My!!! – exploring the medieval and renaissance eras through castle building from recycled materials, catapult construction, hat making for wizards and other projects.

The museum also will present RobotiKs workshops this summer. During E.A.R.L.Y. (Engineering and Robotics Learned Young) Robotics, for ages 7-10, children will build robots from LEGO® kits in a team-building atmosphere and join a friendly competition on the final day.

To download the summer workshops brochure, visit the museum at woodlandchildrensmuseum.org, and click on Workshops.

With the exception of certain workshops and events, The Woodlands Children's Museum is recommended for ages 7 and younger. For more information, visit woodlandchildrensmuseum.org or call 281-465-0955.

About The Woodlands Children's Museum

The Woodlands Children's Museum is a 501(c)3 nonprofit organization dedicated to educating, empowering and exciting children and their families in lifelong learning and discovery. The Museum also provides multi-ethnic and multicultural experiences encouraging children to celebrate and embrace cultural and global differences and strengthen common bonds. Year-round, hands-on activities – from reading and art to science and magic – are all intended to make a positive difference in the life of a child. woodlandchildrensmuseum.org.
